GENERATOR

ABOUT US

OUR MISSION

To deliver the highest level of customer satisfaction through quality service and efficient execution in everything we do.

OUR VISION

To be the first choice for technical support in the UAE by delivering reliable, safe, and timely solutions.

Based in Dubai, we serve customers across the UAE, providing reliable solutions in the fields of power generation and material handling. We support a wide range of industries including airports, consulates, shopping malls, hotels, residential and commercial buildings, construction, manufacturing, oil & gas, marine and shipbuilding, as well as AV production and events. Our team brings over a decade of experience in both technical and commercial aspects of sales, rental, repair, and maintenance of electrical and diesel generator and forklift.

OUR SERVICES

● GENERATOR ● FORKLIFT

Annual Maintenance Contracts (AMC)

We offer Semi-Comprehensive and Non-Comprehensive Annual Maintenance Contracts (AMC) designed to ensure reliable maintenance, minimize downtime, and support uninterrupted business continuity.

Preventive & Periodic Maintenance

We implement structured and proactive preventive maintenance programs to minimize downtime, enhance equipment lifespan, and improve overall operational efficiency.

Breakdown Assistance & Emergency Support

We maintain a dedicated and highly experienced breakdown assistance team, fully equipped with professional tools to deliver prompt and reliable on-site support.

Installation and Commissioning

We provide professional services including generator shifting, exhaust extension, insulation and cladding works, radiator hot air duct installation, cable laying and termination, and supply and installation of ATS panels.

Repair Works

We provide a wide range of expert repair services including electrical rectifications, mechanical repairs, overhaul works, control panel and display fixing, ECU diagnostics and repairs, and motor rewinding services.

Inspection Services

We conduct professional on-site inspections of used generators and forklifts, providing detailed technical reports on equipment condition, performance, and potential repairs, helping customers make confident purchasing decisions.

Why

CHOOSE US?

Choosing the right technical partner is critical to keeping your operations running smoothly.

Comprehensive Technical Solutions

We address the majority of technical queries and challenges efficiently.

Highly Experienced Team

Skilled professionals with deep product and market knowledge.

Rapid & Reliable Service

Dedicated regional teams ensure prompt response and quick turnaround times.

Customer-Centric Approach

We operate flexibly to meet customer requirements in timelines and schedules.

Spare Parts Availability

On-hand inventory for faster maintenance and minimal downtime.

Transparent Quotations

Detailed scope of work and clear pricing for all services and issues.

Multi-Site Capability

Ability to attend almost 10 sites simultaneously, a scale unmatched by most competitors.

Flexible Payment Options

Tailored to suit the customer's convenience.

Friendly & Supportive Technicians

Ensuring excellent customer experience on every visit.

Dedicated Service Advisors & Supervisors

Assigned to specific areas for efficient coordination and support
